

Installation Instructions for MeyerFire Toolkit

Updated 09/30/18

Thank you for your purchase of the MeyerFire Toolkit! Here's instructions on how to set up the toolkit and get online access today:

1. Set up your online username and password:
 - a. Click this link:
https://www.sentrylogin.com/sentry/member_signup.asp?Site_ID=21836&Ppl_ID=37711&tk=2018Tool
 - b. Enter your name, email address, and password. When complete, click **Next**.
2. Open your email
 - a. You should have a new email titled "MeyerFire Confirmation". Open it. (if you don't have this email, check your SPAM folder)
 - b. Confirm your email address by clicking on the link in the email.
3. Log In
 - a. After Step 3, your email is now confirmed.
 - b. Click on the link in the browser or go to: <https://www.meyerfire.com/login.html>
 - c. Log in using the email and password you entered in Step 1.b above.
 - d. This is your portal to access everything in your Membership. Listed here are the live product databases, a download link for the latest toolkit that's updated each time the toolkit is, download links to PDFs, a place to post any question, and more.
 - e. Bookmark this link. It'll be the go-to source in the future.
4. Download the Toolkit
 - a. After logging in from Step 3, click the **Toolkit Download** link to download the latest toolkit.
 - b. Once it finishes downloading, right click the downloaded .zip file and click **Extract All**.

- c. Keep the "show extracted files when complete" box checked and extract it to any location.

6. Install the Toolkit

- a. You now have the setup file to install the Toolkit. Double click the Setup file.
- b. If prompted with a warning by Windows, select **More Info** and **Run Anyway**

- c. You now have the Toolkit Installer. Navigate through the prompts to install the software onto your computer.

- d. Double click on the **MeyerFire Toolbox** shortcut on your desktop.

8. Activate the Toolkit
 - a. You will be prompted to provide an Activation Key. *Use the activation key provided in the email.* It's unique to you.
 - b. Select **Original Workbook** to start a new file. You can save any calculations you've created and re-open those later by opening the **MeyerFire Toolbox** file, and then **File > Open >** and selecting the saved file.
9. Congratulations! You now have access to the latest Toolkit we've built just for you. You can download the latest toolkit at any time by just logging in at www.meyerfire.com and repeating Steps 4-7.

If you have any questions or concerns, email us at info@meyerfire.com. Thanks again!
